

# Eastwood Speech and Language Therapy: At-Home Practice

**Hello!**

Here are some personalized practice sheets to practice over our extended break in order to keep rocking out your speech and language goals. The more you are able to practice (and practice correctly - just like we do in the Speech Room), the better your skills will get! Please take some time each day to complete an activity (any activity you want). Bring it back when we return and we'll be sure to do something fun with it - **maybe a contest or a party?!?**

If you need *anything* speech and language related - please, please let me know! You can reach me by calling the school (419-833-2821) or you can email me at [rperkins@eastwoodschoools.org](mailto:rperkins@eastwoodschoools.org). I would love to connect with you over break - even if it's just to say hello. Leave me a message - and I promise to call you back!

**Parents:** Please continue to check your email, as I will use this to reach out to you for updates and communicate with your student. I am on Twitter at **@Eagles\_SLP** and Instagram at **MrsPerkinsSLP**. Please check them out - I will be posting some fun facts, strategies, and new activities while we are out!

Eastwood Love,

**Mrs. Perkins/Miss Becca :)**
