## SPRING CLEANING

It was the middle of May, and Danny decided it was time to do some spring cleaning. He swept and mopped his floors. He organized the clothes in his closet. He scrubbed the chairs on the patio outside. He stacked all of his board games neatly on a shelf. Danny didn't dust the ceiling fan because he couldn't reach it. When he was done cleaning, Danny sat on the couch and ate popcorn while watching a movie. It felt good to relax after a long day of cleaning.
